About our financial services

The Financial Conduct Authority

The Financial Conduct Authority (FCA) is the independent watchdog that regulates financial services. Use this information to decide if our services are right for you.

Treating Customers Fairly

Our business is committed to treating our customers fairly and ensuring our products and services are suitable for their needs. Treating Customers Fairly (TCF) is a core part of our culture and philosophy.

What products do we offer?

We are a credit intermediary not a lender. We can introduce you to a limited number of lenders who may be able to assist you with your requirements. We will only introduce you to these companies. The finance products we can offer you and the finance providers we predominantly use is detailed in the appendix of this document.

Commission Disclosure

We will receive a commission payment from the finance provider if you decide to enter into an agreement with them. The nature of this commission is as follows: we receive a commission based on a percentage of the total amount of finance taken by the customer. This will not affect the amount you pay. You can request for us to disclose the amount of any commission received.

Other Finance Facilities

You may be able to obtain funding for your purchase from other providers and you are encouraged to seek alternative quotations and details of their products by researching on the high street, in the media and online.

What will you have to pay for this service?

You will not make any payment to us for processing a finance application or for introducing you to a finance provider. All charges that you will pay including, interest, documentation fees or rentals, where applicable, will be clearly shown on the finance agreement.

Understanding our products and documents

You should carefully consider the amount of time you need to review the information and documentation with which you have been presented, and ensure you understand your commitments under the agreement. You should also consider if it is advisable for you to have someone you know to help you make your decision. This is particularly important if you have any health issues, difficulty in understanding information, or there have been any recent life events that could affect your ability to fully understand the information and documentation. Please advise us if this is the case and we can then proceed with your requirements in the most appropriate way.

Affordability

You should assess the monthly payments you are required to make throughout the agreement and ensure you are able to meet these and other obligations you already have without suffering undue hardship. If you are aware of any future events that will affect your ability to meet these payments, you should ensure the finance provider is informed immediately.

Your credit rating could be adversely affected if you do not make payments when due which could make it harder or more expensive for you to access finance facilities in the future.

Appendix – Products Offered

Personal Contract Purchase (PCP)

Personal Contract Purchase (PCP) can help you buy your dream leisure vehicle with lower monthly repayments than a Hire Purchase (HP) product as a large proportion of the amount you repay is deferred into an optional final repayment. You'll pay more interest on a PCP agreement than a HP agreement for the same loan amount, term and APR* as your balance reduces more slowly due to the optional final repayment.

*Annual percentage rate of charge - this is the total cost expressed as an annual percent of the total amount of credit. The APR is there to help you compare different offers.

How it works

- Agree an initial deposit and term with us and decide how many miles you'll travel each year.
- We will then work out the monthly repayment and the optional final repayment amount, based on the anticipated value of the leisure vehicle at the end of the agreement.
- At the end of the agreement, you can part exchange the leisure vehicle, return the leisure vehicle (return conditions apply) or pay the optional final repayment and own the leisure vehicle.

- The finance provider buys the leisure vehicle on your behalf and owns it for the duration of the finance agreement.
- After you've made all the repayments including the optional final repayment and any interest, you will become the owner of the leisure vehicle.

At the end of the agreement, you will have three choices:

- **Part Exchange:** Subject to paying off your existing agreement in full, you can part exchange the leisure vehicle at the end of the term or any time during the agreement. New credit agreements are subject to status. The leisure vehicle could be worth less than the optional final repayment leaving you with a shortfall to pay before starting a new agreement.
- **Return:** You have the option to return the leisure vehicle at the end of your agreement. To avoid incurring charges, the leisure vehicle needs to be in good condition and within the permitted maximum mileage.
- **Own:** Own the leisure vehicle outright by paying the optional final repayment. A purchase fee of £10 is included.

What you will pay

- Flexible Deposit Options.
- £0 deposit may be available.
- Fixed Interest Rate & Monthly Repayments.
- You'll make equal monthly repayments with a fixed interest rate over your chosen period of 1-5 years

End of Agreement

Choose to either part exchange, return the leisure vehicle or pay the optional final repayment to own the leisure vehicle.

- Protection under the Consumer Credit Act Termination Rights and Protection under the Consumer Rights Act.
- The leisure vehicle should be used for leisure purposes only and cannot be used as your main dwelling.

Hire Purchase (HP)
